Competition Format and Rules

As of MON 15 JAN 2024

Youth Olympic Competition Format

Short track speed skating comprises seven events (distances) at the Winter Youth Olympic Games Gangwon 2024:

- Women: 500m, 1000m and 1500m
- Men: 500m, 1000m and 1500m
- Mixed team relay

The short track speed skating competition at the Winter Youth Olympic Games must be run in an indoor ice arena measuring 60 metres long by 30 metres wide, where a 111.12 metre oval track is laid out. The arena must be equipped with a padding system. Besides the standard track there will be up to six other tracks laid out which are moved 0.7 to 1 metre in either direction of the standard track to preserve good ice conditions. Each competitor will receive a helmet cover with a number provided by the organising committee for use throughout the entire Games.

The team event will be a mixed gender relay. Each relay team will be composed of two men and two women from the same NOC.

Differences between the ISU World Junior Short Track Speed Skating Championships and the Winter Youth Olympic Games

The Winter Youth Olympic Games is a single distance competition with seven finals, six for individuals (500, 1000 and 1500 metres for men and 500, 1000 and 1500 metres for women) and one for relay (mixed team relay).

The ISU World Junior Short Track Speed Skating Championships is a single distance championships with eight finals, six for individuals (500m, 1000m, 1500m for men and women) and two relays (for men and women).

Changes since the Winter Youth Olympic Games Lausanne 2020

New events: women's 1500m, men's 1500m and the mixed team relay event. The mixed NOC team relay event has been removed from the programme.

Sport Rules and Procedures

Each event is organised in several phases (rounds). Each round of the competition consists of several races. The two best skaters/teams from each race qualify for the next round. In addition, the best third time may qualify for the next round. In exceptional situations the referee can advance a skater or a team who did not finish first or second to the next round.

Individual events

- 500m and 1000m: The two best skaters from each race qualify for the next round (in heats and quarterfinals) or to final A (in semifinals, where skaters ranked three and four qualify to final B). In addition, the third placed skater(s) with the best time may qualify for the next round (depending on the number of races and number of skaters in the race).
- 1500m: The three best skaters from each quarterfinal qualify for the semifinals. In addition, the three fourth placed skaters with the best time may qualify for the semifinals. In semifinals, the two best skaters qualify to final A. In addition, the third placed skater with the best time may qualify to final A. The seven best placed of the remaining skaters qualify to final B.

Mixed team relay

- Each phase (semifinals and finals) consists of two races
- The first and second placed teams from each race of the semifinals qualify to final A, and the third and fourth placed teams from each race of the semifinals qualify to final B.

Tiebreak rules

For races:

If two or more competitors/teams are tied in a race, all will receive the same rank

For seeding:

The intermediate event classification is used for seeding purposes

For event classification:

If two or more skaters/teams are tied in final A or final B, all will share the same rank.

All skaters/teams not reaching finals will be ranked according to the following criteria:

- Round reached
- Finish position within respective round
- Finish position within the subsequent previous qualifying rounds
- Best time in any race
- If all of the above criteria are equal, they will share the same rank

Sanctions for infringements of the racing rules

Penalty

In the case of an infringement of the starting procedure or the racing rules, a penalty will be given by the ISU referee. The skater/relay team will be disqualified from the race in which the infringement occurred and will be excluded from participating in the next round of the distance concerned. The skater/relay team will forfeit the result achieved in that race only. Results achieved prior to that race will not be affected.

Further information regarding the infringement language and code is available [here](#).

Yellow card

If an infringement of the racing rules is deemed by the ISU referee to be an unsafe, harmful or hazardous offense, a yellow card will be shown to the sanctioned skater. The skater/relay team will be disqualified from the race in which the infringement occurred and excluded from participating in the next round of the distance concerned. The sanctioned skater/relay team will forfeit prior results achieved in all races over the distance and will be ranked last in the event classification.

Any skater who is shown a yellow card twice during the Games will be treated as if they have been shown a red card. The skater will immediately be excluded from the particular distance, as well as from the rest of the Games, and will be ranked last in the event classification.

If a second yellow card is shown to a skater, a free text note will be used to explain this on the relevant outputs.

Red card

1. If an infringement of the racing rules that is deemed to be dangerous or grossly negligent, or a violation of the ISU Code of Ethics takes place in the period between the appearance of a skater at the heat box in and leaving the heat box out after a race, the ISU referee will show the skater a red card. The skater will be disqualified from the event and will not be ranked in event classification. The skater will also be excluded from participation in all further events of the Winter Youth Olympic Games, including the relay event. If a member of a relay team receives a red card during the relay race, the relay team is disqualified and will not be ranked in the event classification. The skater receiving the red card will be excluded from participation in all further events of the Winter Youth Olympic Games. The results from any previous completed events will not be affected.
2. If a skater is shown two yellow cards in the Winter Youth Olympic Games, the skater will be treated as if they have been shown a red card.
3. A red card may also be shown to a skater for any action and behaviour, either on or off the ice during the event period, e.g. the beginning and the end of an event of the Olympic Winter Games, which is considered by the ISU referee as:
 - i) non-compliance with instructions of an official in charge
 - ii) a violation of the ISU Code of Ethics

All skaters remain under the jurisdiction of the ISU disciplinary commission at all times and are subject to any sanctions imposed by the ISU disciplinary commission.

Disqualification rules

The IOC and ISU may disqualify a skater or a team from the competition due to a positive doping test or other unsportsmanlike behaviour. If such a decision is taken, the results achieved by the disqualified skater/team will be annulled and the disqualified skater/team will not be allowed to continue the competition.

Protests/appeals

Protests of the racing rules will not be accepted at the short track speed skating competitions during the Winter Youth Olympic Games.
